SUMMARY

Highly skilled Full Stack Developer proficient in crafting dynamic web applications with a strong foundation in **HTML**, **CSS**, and **Bootstrap** for sleek frontend design. Skilled in **Javascript**, **React** for creating interactive user interfaces, and **Node.js** for robust **server-side** development. Experienced in developing robust backend solutions to support application functionality, with a strong foundation in **MongoDB** for efficient data management. Strong in creating efficient, scalable, and **secure** web applications, offering end-to-end development prowess.

EXPERIENCE

Arkashya Tech Solution Pvt Ltd — Full Stack Trainee   Full-Time (2 - months)

Nov 2023 - Dec 2023

- In the initial phase of my internship, I contributed to " **Project-x** " which forms the base of the ongoing " **MyHotelAI** " project. This opportunity enriched my understanding of **MERN** stack development, providing fundamental insights crucial for MyHotelAI.
- Proactively shifted from internship duties to actively supporting the **MyHotelAI** project. Mastered assigned tasks, acquiring comprehensive insights into project intricacies and team dynamics, fostering a robust understanding of real-world project execution.

PROJECTS

E-Commerce : Amazon - Clone Web Design with responsive site

- Developed and launched a responsive web design using **HTML**, CSS, and **Bootstrap**, increasing website traffic by 20%.
- Created a mobile-friendly user interface using Bootstrap, resulting in a 50% increase in mobile conversions.
- Optimized web page loading speeds using HTML and CSS, **reducing** bounce rates by 10%.
